Synapse  
Accelerator

# About Us:

Pishtaz Teb Zaman Diagnostics, started its research, development, and marketing activities in 1998, and rapidly grew to be an international brand specialized in "In-Vitro Diagnostics Medical Devices and Clinical research". Our range of products are supplied to our customers through a wide distribution channel all over Iran and in more than 25 countries around the globe. Committed to participate in the improvement of the wellbeing on the society and and the world's healthcare, the company has built a strong relationship amongst research, technology, and market requirements by implementing constant market studies and continuous R&D, Pishtaz Teb is devoted to fulfil customer requirements in the area of Medical and Laboratory equipment along with its dedication to the IVD market. In our years of activities, we are proud to have achieved many accomplishments such as being given the title of The Exemplary Exporter for several years and being declared as a Knowledge-Based Company by the Organization of Vice-Presidency for Science and Technology. In addition, our innovative thinking has enabled us to achieve quality management certificates of ISO 13485: 2016, FDA QRS 21 CFR 820 (cGMP), ISO 10002: 2014, and CE mark accreditation for most of our products.

# What We Do?

- Rapid Prototyping
- Iterative Product Development
- Fundraising and Market Penetration
- Market Knowledge and Networks
- Industrial & Market fit Design
- Connecting Start-Ups to VCs
- Raw Material Supply Chain
- Manufacturing, Product Assembly, and Distribution
- Sales Channel and Pipeline Development
- Regulatory Department

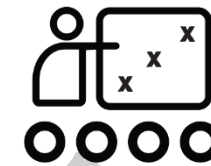

Investment

Work Space

Mentorship

Training

# How Synapse Works?

1.

## Pick an Idea

- Idea registration
- Judgment

2.

## Pre-Acceleration

- Consultation
- Business Plan
- Team Building
- Contract

3.

## Acceleration

- Investment
- Mentorship
- Office and Lab
- Training

4.

## Exit Plan

- Selling Technology
- Company Establishment
- CVC  
(Corporate Venture Capital)

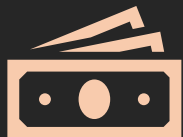

30 Team Accepted

21 Products Released

200 Million Dollars Saved

# Tech Teams

## Product Categories:

- Machin Learning Cancer Detection
- RNA Extraction Kit Development
- Hb-A1C
- Cancer Marker
- Chemiluminescence Kits and Instrument Development
- Covid-19 Panel
- LAMP Kits Development
- Pharma Analysis Kits
- Lateral Flow Diagnostic Kits
- POCT
